

HHFMA: Benchmark of the Month
Average Episodes Per Patient/Length of Episode

May 15, 2019

Average Episodes Per Patient

Date Range	Average # of Episodes Per Patient
2018 (Q1 through Q3)	1.68
2017	1.88
2016	1.91

Source: McBee Market Reporting

Average Episodes Per Patient

- Number of unique 60 day episodes tied to a start of care date
- How to calculate:
 - Determine defined period
 - By patient, calculate EOE minus SOC to determine number of days
 - Divide the number of days by 60 to get episodes per patient
 - Sum up total number of episodes per patient
 - Divide by total number of patients

Average PDGM Periods Per Patient

Date Range	Average # of PDGM Periods Per Patient
2018 (Q1 through Q3)	1.62
2017	1.60
2016	1.61

Source: McBee Market Reporting

Average PDGM Periods Per Patient

- Number of unique 30-day periods tied to a start of episode date
- How to calculate:
 - Determine defined period
 - By patient, calculate EOE minus SOE to determine number of days
 - Divide the number of days by 30 to get periods per patient
 - Sum up total number of periods per patient
 - Divide by total number of patients

Average Length of Episode

Date Range	Average Length of Episode
2018 (Q1 through Q3)	47
2017	46
2016	47

Source: McBee Market Reporting

Average Length of Episode

- Full Medicare episode defined as 60 days
- How to calculate:
 - Determine defined period
 - Calculate EOE minus SOE to get number of days for patient population
 - Sum up total number of days
 - Divide by total number of episodes
